

Use of Online Learning Platforms

We are now using Microsoft Teams as an online learning platform to support everyday learning and teaching. The expectations in the online classroom are no different to those you are expected to meet in the classroom within St Matthew's Academy.

We have CLEAR values which should be present in all interactions. We have an agreed Promoting Positive Relationships (PPR) Policy which all should follow. In addition to the PPR policy you should adhere to the following when learning online:

- Regularly log in and check for updates.
- Report any technical issues to your teachers as quickly as possible.
- Attempt assignments to the best of your ability.
- Ask for help if you need it. Where possible, attempt assignments and ask for help in advance of the due date.
- Only post comments that are appropriate and ensure these are posted at a reasonable time of day.

Any behaviour online which is deemed to be not in keeping with our shared school values will need to be reported to your Year Head, the same way it would be in a physical classroom. Please remember that you are accountable for your conduct online.

Our shared approach to Promoting Positive Relationships is key to our success as a school. Be responsible and respectful at all times and let's make our online learning and teaching experience enjoyable.

What makes an effective Digital Learner?

I understand and can demonstrate, the benefits of digital technology.

I have the skills and knowledge to experiment and problem solve using digital technology.

I have the skills and knowledge to use the internet safely and responsibly.

I have the skills and opportunity to work with others using digital technology.

I have the opportunity and means to use digital technology to access online content.

I have the confidence and competence to embrace digital technology and the internet.

I have the skills and knowledge to select and use appropriate digital technology for learning, life and work.
